

Four reasons why Rein is the finest coolant hose you can buy without a passport.

1. No Cutting

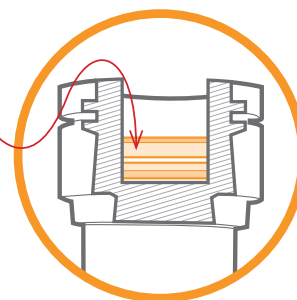

Unlike some other brands, Rein replacement coolant hoses are designed to go directly from the shelf to the vehicle. No cutting is ever needed.

2. Quick Connect Fittings

Rein Automotive replacement coolant hoses incorporate OE-quality quick connect fittings wherever specified by the original manufacturer.

Inside the "Quick Connect" Fittings: Rubber O-Ring ensures a tight seal.

3. No Reusing Old Parts

Every Rein Automotive coolant hose, with branches or quick connect fittings, comes preassembled to ensure all failure prone components are replaced.

4. Direct Replacement

Rein Automotive coolant hoses are intended to be a direct replacement for European cars. No cutting. No reusing old parts. The quick connect fittings are all there, leaving you with easy ordering and fewer labor hours.

The European Standard

A/C PARTS • ANTI-VIBRATION PARTS • AXLE BOOT KITS • COOLANT HOSES
SUSPENSION PARTS • WHEEL BEARING KITS • FIRST AID
